A Message to School Leaders

Dear Principals, Coordinators and Educators,

Every child is unique. Every child carries the potential to achieve extraordinary things.

However, traditional assessments often measure only a part of what a child can truly do.

At Courage National Talent Search (CNTS), we believe that **talent is much broader** — and every child deserves an opportunity to discover it.

CNTS is designed to complement the school curriculum by identifying and nurturing abilities that shape future-ready individuals — critical thinking, logical reasoning, problem solving, creativity and more.

We invite you to partner with us in this mission and empower your students with a platform that recognizes their strengths and inspires their growth.

Together, let's help every child discover their potential and build a brighter future.

Team Courage National Talent Search

Discover

— it should help
discover potential.
”

Why CNTS Exists

The world is changing. The skills children need to succeed tomorrow go far beyond what traditional exams measure today.

CNTS was created to identify and nurture the **complete potential** of every child.

THE GAP WE AIM TO BRIDGE

TRADITIONAL EDUCATION

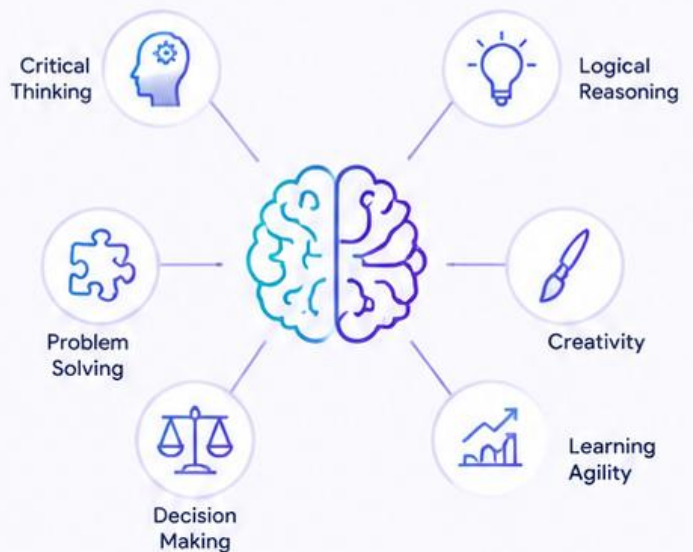

Focuses on

- Rote learning
- Subject knowledge
- Memory & recall
- Marks and grades

Measures what children **know**

VS

BEYOND MARKS WITH CNTS

Develops how children **think and grow**

Our Mission

To **discover** and celebrate the unique potential in every child and **empower** schools to nurture confident, curious and **future-ready** individuals.
